The Honorable Board of Supervisors

Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL TO RENEW 28 MENTAL HEALTH SERVICES
CONTRACT ALLOWABLE RATE – FEE-FOR-SERVICES
MEDI-CAL ACUTE PSYCHIATRIC INPATIENT
HOSPITAL SERVICES AGREEMENTS
FOR FISCAL YEARS 2007-08, 2008-09, AND 2009-10
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and instruct the Director of Mental Health or his designee to prepare, sign, execute, and renew 28 Mental Health Services Contract Allowable Rate Fee-For-Services (FFS) Medi-Cal Acute Psychiatric Inpatient Hospital Services Agreements, as listed in Attachment I and substantially similar to the agreement format in Attachment II for Fiscal Years (FYs) 2007-08, 2008-09, and 2009-10, for the provision of acute psychiatric inpatient hospital services and administrative day services. The Department's FY 2007-08 Proposed Budget includes \$32 million in State General Funds (SGF) for these 28 FFS Inpatient Hospitals. The term of each Agreement will be effective July 1, 2007 through June 30, 2008 with a provision for two (2) automatic one-year renewal periods.
2. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute future new agreements, substantially similar in format to Attachment II, and after County Counsel and Chief Administrative Officer (CAO) approval with qualified FFS Medi-Cal acute psychiatric inpatient hospitals that conform to all applicable County of Los Angeles Department of Mental Health (DMH) policies and procedures for FFS Medi-Cal Acute Psychiatric Inpatient Hospital Services.

"To Enrich Lives Through Effective And Caring Service"

3. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute amendments to the agreements provided that: 1) the contract allowable rates under each Agreement for each FY shall not exceed an increase of 20 percent; 2) any such increase shall be used to provide additional services or to reflect program and/or policy changes; 3) the Board of Supervisors has appropriated sufficient funds for all changes; 4) approval of County Counsel and the CAO or their designee is obtained prior to any such Amendment; 5) the parties may, by written Amendment, mutually agree to reduce programs or services without reference to the 20 percent limitation; and 6) the Director of Mental Health or his designee shall notify the Board of Supervisors of Agreement changes in writing within 30 days after execution of each Amendment.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval is required for the renewal of these 28 FFS Agreements as all 28 Agreements will expire June 30, 2007. Board approval is also required for delegation of authority to the Director of Mental Health or his designee to execute these agreements and future agreements and amendments with FFS Medi-Cal psychiatric inpatient hospitals.

The renewal of these 28 FFS Medi-Cal Agreements will allow for uninterrupted, medically necessary acute psychiatric inpatient hospital services and administrative day services to severely mentally ill clients who reside throughout the County of Los Angeles.

Implementation of Strategic Plan Goals

The recommended Board actions are consistent with the principles of the Countywide Strategic Plan Organizational Goal No. 3, "Organizational Effectiveness." Qualified FFS Medi-Cal psychiatric inpatient hospitals will provide 24-hour acute psychiatric inpatient hospital services and administrative day services to Medi-Cal beneficiaries.

FISCAL IMPACT/FINANCING

There is no net County cost.

These agreements do not contain a maximum contract amount but specify contract allowable rates per day for acute psychiatric inpatient hospital services and administrative day services. All services provided are subject to the Treatment Authorization Request review process prior to authorization of payment.

All clients served by the FFS Medi-Cal psychiatric inpatient hospitals are Medi-Cal beneficiaries. The Department's FY 2007-08 Proposed Budget includes \$32 million in SGF for these 28 FFS Inpatient Hospitals. The FFS Hospitals bill the State directly for the Federal Financial Participation (FFP) portion of the allocation.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Chapter 633 (AB 757) of statutes of 1994 authorizes the transfer of State funding for FFS Medi-Cal psychiatric inpatient hospital services from the California Department of Health Services to the California DMH. On December 20, 1994, your Board approved the County of Los Angeles to participate in the FFS Medi-Cal psychiatric inpatient hospital services consolidation and the transfer of SGF Medi-Cal match dollars to the County for payment of services and administration of the program.

The Mental Health Services Contract Allowable Rate FFS Medi-Cal Acute Psychiatric Inpatient Hospital Services Agreements are with 28 Medi-Cal certified hospitals that provide acute psychiatric inpatient hospital services and administrative day services to Medi-Cal eligible beneficiaries of the County of Los Angeles. Furthermore, the contractor will not utilize or otherwise arrange for mobile 5150 assessment personnel or processes outside the confines of the Contractor's facility without the written consent of DMH's Director or his designee.

Attachment I specifies the Contracts, services to be provided, the Supervisorial Districts of service providers, terms, and contract allowable rates for these agreements. Attachment II is the FFS Medi-Cal Agreement format, which has been updated to reflect new or revised Board mandated provisions required in all County contracts. Attachment III is the information obtained from the Los Angeles County Community Business Enterprise (LAC/CBE) Program, Firm/Organizational Information Form.

The attached Agreement format has been approved as to form by County Counsel. The CAO has reviewed the proposed actions. Clinical and Administrative staff of DMH will also continue to administer and supervise the agreements to ensure that quality services are being provided to clients, and ensure that Agreement provisions and Departmental policies are being followed.

CONTRACTING PROCESS

Board approval will authorize DMH to renew 28 agreements with existing FFS Medi-Cal Acute Psychiatric Inpatient Hospitals as listed in Attachment I. These existing FFS Medi-Cal acute psychiatric inpatient hospitals are certified and conform to all applicable

County of Los Angeles DMH policies and procedures and are qualified to provide inpatient services and administrative day services. Last FY, there were 29 FFS Medi-Cal Acute Psychiatric Inpatient Hospitals on May 1, 2006; Northridge Sherman Oaks Hospital and Health Center was terminated due to a change of ownership.

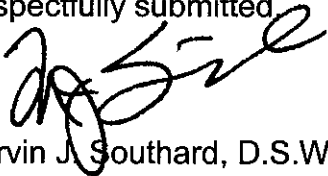

IMPACT ON CURRENT SERVICES

The renewal of these 28 FFS Medi-Cal Acute Psychiatric Inpatient Hospital Agreements will allow for continued and uninterrupted medically necessary acute psychiatric inpatient hospitals services, and administrative day services to severely mentally ill clients who are Medi-Cal eligible beneficiaries and reside throughout the County of Los Angeles.

CONCLUSION

The DMH will need one (1) copy of the adopted Board actions. It is requested that the Executive Officer of the Board notify the DMH Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Marvin J. Southard, D.S.W.

10 NOW, THEREFORE, Contractor and County agree as follows:

11 **PREAMBLE**

12 For over a decade, the County has collaborated with its community partners to enhance the capacity
13 of the health and human services system to improve the lives of children and families. These efforts require,
14 as a fundamental expectation, that the County's contracting partners share the County and community's
15 commitment to provide health and human services that support achievement of the County's vision, goals,
16 values, and adopted outcomes. Key to these efforts is the integration of service delivery systems and the
17 adoption of the Customer Service and Satisfaction Standards.

18 The County of Los Angeles' Vision is to improve the quality of life in the County by providing
19 responsive, efficient, and high quality public services that promote the self-sufficiency, well-being and
20 prosperity of individuals, families, business and communities. This philosophy of teamwork and collaboration
21 is anchored in the shared values of:

- | | |
|-------------------|-------------------------|
| ➤ Responsiveness | ➤ Integrity |
| ➤ Professionalism | ➤ Commitment |
| ➤ Accountability | ➤ A Can – Do Attitude |
| ➤ Compassion | ➤ Respect for Diversity |

22 These shared values are encompassed in the County Mission to enrich lives through effective caring
23 service and the County Strategic Plan's eight goals: 1) Service Excellence; 2) Workforce Excellence; 3)
24 Organizational Effectiveness; 4) Fiscal Responsibility; 5) Children's and Families' Well-Being; 6) Community
25 Services; 7) Health and Mental Health; and 8) Public Safety. Improving the well-being of children and
26 families requires coordination, collaboration, and integration of services across functional and jurisdictional
27 boundaries, by and between County departments/agencies, and community and contracting partners.

28 The basic conditions that represent the well-being we seek for all children and families in Los
29 Angeles County are delineated in the following five outcomes, adopted by the Board of Supervisors in
30 January 1993.

- 31 • Good Health;
32 • Economic Well-Being;
33 • Safety and Survival;

- Emotional and Social Well-Being; and
- Education and Workforce Readiness.

Recognizing no single strategy – in isolation – can achieve the County’s outcomes of well – being for children and families, consensus has emerged among County and community leaders that making substantial improvements in integrating the County’s health and human services system is necessary to significantly move toward achieving these outcomes. The County has also established the following values and goals for guiding this effort to integrate the health and human services delivery system:

- ✓ Families are treated with respect in every encounter they have with the health, educational, and social service systems.
- ✓ Families can easily access a broad range of services to address their needs, build on their strengths, and achieve their goals.
- ✓ There is no “wrong door”: wherever a family enters the system is the right place.
- ✓ Families receive services tailored to their unique situations and needs.
- ✓ Service providers and advocates involve families in the process of determining service plans, and proactively provide families with coordinated and comprehensive information, services and resources.
- ✓ The County service system is flexible, able to respond to service demands for both the Countywide population and specific population groups.
- ✓ The County service system acts to strengthen communities, recognizing that just as individuals live in families, families live in communities.
- ✓ In supporting families and communities, County agencies work seamlessly with public and private service providers, community-based organizations, and other community partners.
- ✓ County agencies and their partners work together seamlessly to demonstrate substantial progress towards making the system more strength-based, family-focused, culturally competent, accessible, user-friendly, responsive, cohesive, efficient, professional, and accountable.
- ✓ County agencies and their partners focus on administrative and operational enhancements to optimize the sharing of information, resources, and best practices while also protecting the privacy rights of families.
- ✓ County agencies and their partners pursue multi-disciplinary service delivery, a single service plan, staff development opportunities, infrastructure enhancements, customer service and satisfaction evaluation, and revenue maximization.
- ✓ County agencies and their partners create incentives to reinforce the direction toward service integration and seamless service delivery system.
- ✓ The County human service system embraces a commitment to the disciplined pursuit of results accountability across systems. Specifically, any strategy designed to improve the County human services system for children and families should ultimately be judged by whether it helps achieve

the County's five outcomes for children and families; good health, safety and survival, economic well-being, social and emotional well-being, and education and workforce readiness.

The County, its clients, contracting partners, and the community will continue to work together to develop practical ways to make County services more accessible, customer friendly, better integrated, and outcome-focused. Several departments have identified shared themes in their strategic plans for achieving these goals including: making an effort to become more consumer/client-focused; valuing community partnerships and collaborations; emphasizing values and integrity; and using a strengths-based and multi-disciplinary team approach. County departments are also working to provide the Board of Supervisors and the community with a better understanding of how resources are being utilized, how well services are being provided, and what are the results of the services: is anyone better off?

The County of Los Angeles health and human service departments and their partners are working together to achieve the following ***Customer Service And Satisfaction Standards*** in support of improving outcomes for children and families.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

Sin pena. Sin culpa. Sin peligro.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

**Cada recién nacido merece una
oportunidad de tener una vida saludable.
Si alguien que usted conoce está pensando
en abandonar a un recién nacido, infórmele
qué otras opciones tiene.**

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.
